

TACTICAL PLATE RACK (TPR)

TPR-200

Active Shooter and critical incident response tactics have changed the way officers operate. With a wide range of latent threat situations, the Tactical Plate Rack (TPR) suits your performance requirements and operational needs. The advanced webless, laser cut platform delivers superb, low-bulk protection with no compromise on maneuverability and/or customizable features.

The purpose-built TPR combines next level engineering & superb adjustability with stealth ballistic protection that can be tailored for any unique mission with a full array of laser-cut pouches and accessories. The TPR is the very first plate-rack system specifically designed to also be compatible with optional, tactical flotation aids (TFA).

TPR features SALUTE™ laminate by MIL-PRO®, "A game-changer"!
